May 19, 2020

Dear Patients:

On behalf of your Periodontal team at Dr. Arzouman's office we are reaching out to our patients as the mandatory stay-at-home order slowly lifts. It is our primary goal to ensure your health and the health of our employees. You are our top priority. We are implementing new protocols, outlined by the CDC and the California Department of Public Health, to assure your safety and to make sure you feel safe and comfortable in our office.

Here are a few changes you can expect:

- Conducted health screenings for our staff
- Increased frequency of surface disinfecting
- Pre-screening questions and non-touch temperature reading upon arrival

Social distancing in the office:

- Plexi-glass shields between patients and staff
- Revised schedule to allow for minimal patients
- Paperless Check-in (*if patient form completed online*)

Thank you for your patience and understanding during this unprecedented time. We will be in touch by phone or text to confirm your upcoming appointment. If your appointment was cancelled, you will be hearing from our office as soon as we can safely open. We are committed to your periodontal health and look forward to seeing you soon!

If you have any questions, please contact us through [info@drarzouman.com](mailto:info@drarzouman.com).

We hope you are doing well and keeping your spirits up!

Warm regards,

Michael J. Arzouman and Staff
